## EXPLANATORY STATEMENT

This Bill seeks to amend the Tobacco (Control of Advertisements and Sale) Act (Cap. 309) —

- (a) to require that all tobacco products that are imported into Singapore, or are distributed, sold, offered for sale or possessed for sale in Singapore, and their packaging or labelling, must comply with requirements prescribed under the Act. The prescribed requirements may provide for the standardised presentation of tobacco products and their packaging and labelling (standardised packaging);
- (b) to make clear that the standardised packaging requirement does not affect the registrability and registration of trade marks under the Trade Marks Act (Cap. 332) and designs under the Registered Designs Act (Cap. 266); and
- (c) to make other technical amendments to the Act.

Clause 1 relates to the short title and commencement.

Clause 2 amends section 2(1) to introduce a new definition of “trade mark” to support amendments elsewhere in the Bill.

Clause 3 repeals sections 17 and 17A and re-enacts section 17. Under the new section 17(1), a person must not —

- (a) import into Singapore; or
- (b) distribute, sell, offer for sale or possess for sale in Singapore,

a tobacco product which, or the packaging or labelling of which, does not comply with the new section 17(3) (non-compliant tobacco product). A person who contravenes this prohibition commits an offence under the new section 17(4).

However, under the new section 17(2), the prohibition under the new section 17(1) on the import into Singapore of non-compliant tobacco products does not apply to the import of such tobacco products into Singapore solely for either of the following purposes:

- (a) the re-export of the tobacco products from Singapore, whether or not —
  - (i) the tobacco products are re-exported on the same conveyance on which they were brought into Singapore; and
  - (ii) the tobacco products are landed and kept in any place in Singapore before they are taken out of Singapore;
- (b) the repackaging or relabelling of the tobacco products into packaging or with labelling that complies with the new section 17(3).

Under the new section 17(3), a tobacco product and its packaging or labelling —

- (a) must comply with every prescribed requirement, including any requirement as to size, appearance, design, health warnings and other information to be stated; and
- (b) despite any written law or rule of law, must not bear any trade mark, term, descriptor, figurative or other sign, feature, scent or sound —
  - (i) that is prescribed as prohibited in relation to the tobacco product or its packaging or labelling; or
  - (ii) that promotes the tobacco product by any means that is false, misleading, deceptive or likely to create an erroneous impression about the tobacco product's characteristics, health effects, hazards or emissions, including the misleading impression that the tobacco product is less harmful than other tobacco products.

Clause 4 amends section 18(5) to increase the maximum fines that may be imposed for an offence under that provision —

- (a) from \$5,000 to \$10,000 for a first offence; and
- (b) from \$10,000 to \$20,000 for a person who has any prior qualifying conviction as defined in section 18(6).

Clause 5 —

- (a) amends section 34(1) and inserts a new section 34(1A), such that the Chief Executive of the Health Sciences Authority (Chief Executive), or any person authorised by the Chief Executive in writing, may compound any offence under the Act that is prescribed as a compoundable offence by collecting from a person reasonably suspected of having committed the offence a sum (composition sum) not exceeding the lower of one half of the amount of the maximum fine that is prescribed for the offence or \$5,000. Upon

payment of the composition sum, no further proceedings are to be taken against that person in respect of the offence; and

- (b) amends section 34(3) in light of the amended section 34(1) to specify that attendance at counselling may be a prerequisite to composition.

Clause 6 amends section 37(1A) and inserts a new section 37(1B) to clarify, in support of amendments elsewhere in the Bill, the matters in respect of which regulations may be made for the purposes of the new section 17.

Clause 7 inserts new sections 38 and 39. The new section 38 states that nothing in, or done in accordance with, the Act or any regulations made for the purpose of section 17 —

- (a) prevents an applicant for registration of a trade mark from stating, for the purpose of section 5(2)(e)(ii) of the Trade Marks Act, that the applicant has a bona fide intention to use the trade mark in the course of trade, by the applicant or with the applicant's consent, in relation to any goods or services in respect of which the applicant seeks to register the trade mark;
- (b) prevents the registration of a trade mark under the Trade Marks Act;
- (c) prevents a trade mark mentioned in paragraph (a) of the definition of "earlier trade mark" in section 2(1) of the Trade Marks Act from being taken into account, for the purpose of section 8(11) of that Act, in determining the registrability of a later mark; or
- (d) is a ground to revoke the registration of a trade mark under section 22 of the Trade Marks Act, or to declare the registration of a trade mark invalid under section 23 of that Act.

The new section 39 states that nothing in, or done in accordance with, the Act or any regulations made for the purpose of section 17 —

- (a) prevents the registration of a design under the Registered Designs Act; or
- (b) is a ground to revoke the registration of a registered design under section 27 of that Act.

## EXPENDITURE OF PUBLIC MONEY

This Bill will involve the Government in extra financial expenditure, the exact amount of which cannot at present be ascertained.
