EXPLANATORY STATEMENT

This Bill seeks to amend the Energy Conservation Act 2012.

Clause 1 relates to the short title and commencement.

Clause 2 amends section 10 to amend the definitions of “effective date” and “regulated goods” and to insert a new definition of “import”. In particular, the definition of “effective date” will be amended to clarify that it refers to the date that goods are prescribed as regulated goods for the purposes of a provision in Part 3 of the Act.

Clause 3 makes a consequential amendment to the heading of Subdivision (2) (Restrictions on supplies of regulated goods through registration, energy labelling, minimum performance standards, etc.) of Division 1 (Measures for goods) of Part 3 (Energy conservation measures for domestic and industry sectors (other than transport)) of the Act in light of the amendments to regulate the import of regulated goods for a person’s own use.

Clause 4 amends section 11 to empower the Minister to prescribe goods of any class, description or type as regulated goods for the purposes of Part 3 of the Act only in prescribed circumstances, and to prescribe the same class, description or type of goods as regulated goods in different circumstances for different provisions of that Part. Further, different classes, descriptions or types of goods may be prescribed as regulated goods for different provisions of that Part.

Clause 5 amends section 12 to prohibit any import of regulated goods for a person’s own use, where the goods do not comply with any of the requirements prescribed as being applicable to such regulated goods.

Clause 6 amends section 12A(1) to define an importer and a manufacturer for the purposes of Part 3 of the Act. An importer would include a person that imports regulated goods for the person’s own use.

Clause 7 amends section 13 to provide for the registration of regulated goods imported by a person for the person’s own use. Clause 7 also amends section 13 to provide that the Director-General of Environmental Protection (DG) may, at any time after registering any supplier or regulated goods, impose any condition on, or modify or revoke any condition imposed on, the registration, and the procedure for such imposition, etc.

Clause 8 amends section 15 to provide that the DG may, at any time after renewing the registration of any registered goods, impose any condition on, or modify or revoke any condition imposed on, the renewal of registration, and the procedure for such imposition, etc.

Clause 9 amends section 16 to provide that the registration of any registered goods obtained by a registered supplier may be withdrawn upon application by the

registered supplier. The pre-condition that the registered supplier ceases to supply the registered goods in Singapore is deleted.

The amendments also provide for the circumstances in which any registration of registered goods obtained by an importer that imports such registered goods for the importer's own use may be withdrawn upon application by the importer, or revoked.

Clause 10 amends section 17(1) to provide that any importer or manufacturer who is aggrieved by a decision of the DG to impose or modify any condition on the importer's or manufacturer's registration as a registered supplier or the registration of any registered goods under section 13(2A) (inserted by clause 7(c)), or the renewal of the registration of any registered goods under section 15(5) (inserted by clause 8), may appeal in writing to the Minister.

The clause also amends section 17(4) to provide that despite any pending appeal, any condition so imposed or modified by the DG takes effect from the date specified by the DG in his or her decision, unless the Minister otherwise directs.

Clause 11 amends section 18 to oblige an importer that imports any regulated goods for the importer's own use, to keep and maintain complete and accurate records containing the prescribed information in accordance with the prescribed requirements, for at least the prescribed period. The importer must, among other things, submit those records to the DG as required by the DG.

Clause 12 amends section 19(1) to provide that the DG may require a person that imports regulated goods for the person's own use to provide free of charge to the DG samples of the regulated goods for the purpose of testing or analysis, and any document or information that the DG requires in respect of those regulated goods or their import.

Clause 13 makes an amendment to section 20(a), consequential to the amendment to section 13 by clause 7.

Clause 14 amends section 31B(1) to provide that where a person, in any particular case, is unable to comply with any requirement under section 12 for any regulated goods that the person intends to import for the person's own use, the person may apply in writing to the DG for a waiver and the DG may, upon being satisfied that there are good reasons to do so, waive the requirement for any of those goods.

Clause 15 amends section 68 to provide for service by email of any notice or document required or authorised by the Act to be served on any person.

Clause 16 amends section 78(2) to empower the Minister to make regulations to regulate any advertisement of regulated goods accessible by a person physically present in Singapore (person in Singapore), whether or not the advertisement originates in Singapore.

Among other things, the Minister may prescribe —

- (a) requirements in relation to the prevention of publication, rectification or withdrawal of any advertisement with respect to which any prescribed requirement is not complied with (non-compliant advertisement), including —
 - (i) the removal of any non-compliant advertisement; and
 - (ii) the disabling of access by a person in Singapore to any non-compliant advertisement, if published on the Internet; and
- (b) the person in Singapore or person with a business establishment in Singapore that must comply with such requirements.

For example, the Minister may make regulations to provide that an operator of an electronic marketplace that has a business establishment in Singapore, must not permit any person to publish any non-compliant advertisement on the operator's electronic marketplace. The Minister may also make regulations to require the operator of such an electronic marketplace to take steps to procure the rectification of or to withdraw any non-compliant advertisement published on the electronic marketplace, including by removing the non-compliant advertisement or disabling access by a person in Singapore to the non-compliant advertisement.

Clause 16 also amends section 78(2) to empower the Minister to prescribe the circumstances in which a person —

- (a) that imports or manufactures regulated goods for supply in Singapore, and subsequently uses or permits another person to use those regulated goods for a purpose other than for such supply; or
- (b) that imports goods for the person's own use, and subsequently —
 - (i) uses those goods in circumstances where the import would (if it had been for or under those circumstances) have been a prohibited import of regulated goods under section 12(1)(b) as inserted by clause 5(b); or
 - (ii) permits another person to use those goods in prescribed circumstances,

commits an offence.

For example, the Minister may make regulations to provide that a person who imports regulated goods for the purposes of supply in Singapore and does not subsequently supply those regulated goods but instead uses the goods for the person's own use, commits an offence.

By way of another example, suppose, for the purposes of the new section 12(1)(b) inserted by clause 5(b), certain goods are prescribed as

regulated goods under section 11(1) (as renumbered by clause 4(a)) only if they are imported by a person for use in the person's trade or business.

The Minister may make regulations to provide that a person that imports those goods for the person's own use (not being a prohibited import of regulated goods under section 12(1)(b) (as inserted by clause 5(b)), and subsequently —

(a) uses the goods in the person's trade or business; or

(b) permits another person to use the goods in prescribed circumstances, commits an offence.

Clause 17 provides for saving and transitional provisions.
