

Biography of

Cheryl Chan Wei Ling
Group Chief Strategy and Sustainability Officer and
President New Ventures

Cheryl Chan is the Group Chief Strategy and Sustainability Officer and President New Ventures of ST Engineering, a global technology, defence and engineering group with a diverse portfolio of businesses across the aerospace, smart city, defence and public security segments.

Cheryl is responsible for leading the Group's strategic planning and M&A activities, and its corporate venture capital unit. On sustainability, she develops and drives the Group's ESG roadmap and action plans, as well as works closely with the Group's businesses to incorporate sustainability considerations into business strategies. In the New Ventures, she drives the capture of new business ventures in adjacent domains and helps to identify and create new Group opportunities across Business Areas by building on existing capabilities and strengths.

Prior to joining ST Engineering in July 2021, Cheryl was Head of APAC Clean Hydrogen in Linde, a leading global industrial gases and engineering company. In her 14 years with the company, she had held various global and APAC management positions in corporate strategy, product portfolio management and marketing, supply chain operations, project integration and business development. She also led the merger and integration of Praxair and Linde for the APAC Management Office.

Cheryl began her career in 1999 with Kulicke & Soffa, a leading supplier of semiconductor back-end assembly equipment. She spent several years in technical & customer interfacing roles and engineering management before moving on to product marketing in Asia.

Outside of work, Cheryl is a Member of the Singapore Parliament for the East Coast Group Representation Constituency. She serves in the Government Parliamentary Committees as the Chairperson for the Ministry of National Development and as a member of the Ministry of Sustainability and the Environment.

Cheryl graduated with an Honors degree in Applied Science (Materials Engineering) from Nanyang Technological University. She also holds a Master in Business Management (MBA) from the Macquarie Graduate School of Management. In 2013, Cheryl was awarded the Public Service Medal for her community work by the President of Singapore. In 2016, she was honored by her alma mater with the NTU Nanyang Outstanding Young Alumni Award for her accomplishments in both the public and private sectors.
