

Diana Pang Li Yen 彭丽燕

- A dedicated leader with over two decades of experience championing families, women, and the heartland community.
- Passionate about building inclusive, intergenerational communities and actively promotes board diversity while leading national programs benefiting women, families, and seniors
- An advocate for holistic health and caregiver support, promoting mental wellness, particularly for caregivers, mothers, and seniors, and stronger support networks and healthier lifestyles
- Believing that strong families are essential to a strong nation, she had served as a Family Life Champion and as a ROM Solemniser actively fostering family unity and celebrating life milestones in the community.
- Director of a local SME company, where she oversees company performance, leads infrastructure projects, and implements employee-centric policies. With a background in the private sector, she brings a practical and compassionate approach to problem-solving.
- As a mother and daughter, Diana's work is guided by life experience and a deep-seated commitment to building a better future for all
