- (b) to make consequential amendments to certain other Acts because of this transfer and new functions; and
- (c) to make amendments of a housekeeping nature to improve the administration of the National Parks Board and enforcement capacity of its officers under different Acts which it administers.

Clause 1 relates to the short title and commencement.

Clause 2 amends section 2 to introduce definitions which are relevant to the new functions to be taken over by the National Parks Board from the AVA, pursuant to the new Part VII inserted by clause 7.

Clause 3 amends section 6 to set out the new functions of the National Parks Board.

The first is to promote and protect the welfare, safety and health of animals, including controlling the use of animals in research, testing and teaching, the supply of veterinary products, and the trapping or killing of animals in a wild state.

Other new functions are to manage the animal population in Singapore, and to regulate trade in endangered species of animals and plants.

The National Parks Board will also assume the new function of preventing and managing threats and risks to animal health, animal welfare or plant health or all of them, or to terrestrial and aquatic environments arising from animals or plants, or pests or diseases carried by animals or plants, and threats to public health and safety from animals or plants, or pests or diseases carried by animals or plants.

For example, the National Parks Board will look into the protection of all cultivation of plants in Singapore against plant pests, loss of species diversity and loss of viability and function of ecosystems, and to manage the import, propagation and spread of invasive alien species and populations for the purpose of conservation.

The National Parks Board will also have an expanded industry development and regulation function, which regulates veterinary establishments, practitioners of veterinary medicine and persons who provide veterinary services in the course of business. This will cover veterinarians, veterinary para-professionals, animal health specialists, veterinary centres, and the use of veterinary medicines and biologics.

Finally, as part of a whole-of-government system to guard against diseases and ensure food security, the National Parks Board is conferred a particular function of cooperating and collaborating with the Director-General of Public Health and the Director-General, Food Administration in the administration of the Environmental Public Health Act (Cap. 95), the Health Sciences Authority in its administration of the Health Products Act (Cap. 122D), and any public officer, public authority or Health Officer in the administration of the Infectious Diseases Act (Cap. 137).

Other amendments in clause 3 are to specify the form in which the Minister may assign additional functions to the National Parks Board, and to make it clear that section 6 (as amended) does not impose on the Board, directly or indirectly, any form of duty or liability enforceable by proceedings before any court to which the Board would not otherwise be subject.

Clause 4 amends section 7(1) by providing that the National Parks Board has power to do that which is incidental or conducive to the discharge of its functions conferred by the Act.

Clause 5 replaces sections 10 and 11 (which relate to the delegation of powers and protection from personal liability).

The new section 10 enables the National Parks Board to delegate its powers to contractors and to enable subdelegation of some powers by the delegates.

The protection from liability in the new section 11 is extended to the subdelegates and makes it clear that the protection arises only for anything which is done or purported to be done, or omitted to be done, in good faith and with reasonable care in the exercise or purported exercise of any power under the Act or the performance or purported performance of any function under the Act.

Clause 6 inserts a new section 14 which deems the subdelegates to be public servants for the purposes of the Penal Code (Cap. 224).

The new section 14 also deems the subdelegates to be public officers for the purposes of the Financial Procedure Act (Cap. 109) in relation to the subdelegates' administration, assessment, collection or enforcement of payment of any financial penalty or composition sum which is imposed or collected under an Act administered by the National Parks Board. As these moneys are public moneys that must be accounted for in the Consolidated Fund, the new section 14 also provides for section 20 of the Financial Procedure Act to apply to each of these subdelegates even though they are not or were not in the employment of the Government. Section 20 of the Financial Procedure Act provides for disciplinary punishment for loss of public moneys, etc.

Clause 7 inserts a new Part VII containing new sections 23 to 26B that transfer to the National Parks Board the undertaking of the AVA relating to 7 departments, namely, the Community Animal Management Group, the Corporate Development Group 2, the Industry and Biosecurity Management Group, the office of the Director-General, Agri-Food and Veterinary Services, the Plant Science and Health Group, the Professional and Scientific Services Group and the Wildlife Management Group (collectively called the AVA veterinary undertaking).

The new section 23 contains definitions used for the purposes of the new Part VII. In particular, it describes the elements comprised in the undertaking to be transferred to the National Parks Board by the new Part.

The new section 24 provides for the transfer, on the transfer date (which is to be specified by the Minister by an order in the *Gazette*), to the National Parks Board of all assets and liabilities of the AVA relating to the AVA veterinary undertaking.

The new section 24 also contains a series of saving and transitional provisions, the general purpose of which is to put the National Parks Board in the same legal position as the AVA from which assets or liabilities are transferred.

The new section 24 declares that the transfer does not constitute a breach of, or default under, an Act or any other law, does not constitute a breach of, or default under, a contract, agreement, understanding or undertaking, does not constitute a breach of a duty of confidence, does not constitute a civil or criminal wrong, does not terminate an agreement or obligation, or fulfils any condition that allows a

person to terminate an agreement or obligation, or gives rise to any other right or remedy, and does not release a surety or other obligor or obligee wholly or in part from an obligation.

For example, all security deposits deposited with the AVA before the transfer date and not forfeited before that date, and the benefits of all indemnities (like insurance policies), guarantees and warranties given to the AVA before the transfer date, in relation to any asset or liability transferred under the new section 24 are, without further assurance, transferred and deemed deposited with or given to the National Parks Board.

The new section 25 provides for the transfer, on the transfer date, of AVA employees and seconded officers deployed in the AVA veterinary undertaking to the employment of or secondment with (as the case may be) the National Parks Board.

The new section 26 declares that the transfer of employees does not affect remuneration, leave rights or continuity of service and does not constitute a retrenchment or redundancy. It further declares that such a transfer is not to give rise to any right to damages or compensation.

The new section 26A provides for the transfer of records from the AVA to the National Parks Board where the records relate to any asset or liability transferred to the Board under the new section 24, or any transferring employee.

The new section 26B provides for a notice issued by the Minister for Finance to be evidence as to whether an asset or a liability is or is not a transferred asset or liability.

Clause 8 amends the Second Schedule to confer extra powers in order to support the new functions of the National Parks Board conferred by the amendments in clause 3.

Clauses 9 to 16 amend various provisions in the Animals and Birds Act (Cap. 7), the Control of Plants Act (Cap. 57A), the Endangered Species (Import and Export) Act (Cap. 92A), the Health Products Act, the Medicines Act (Cap. 176), the Parks and Trees Act (Cap. 216), the Statutory Bodies and Government Companies (Protection of Secrecy) Act (Cap. 319) and the Wild Animals and Birds Act (Cap. 351) consequent to the transfer of functions from the AVA to the National Parks Board.

Clauses 9 and 10 also contain amendments to provisions in the Animals and Birds Act and the Control of Plants Act to empower the Director-General, Animal Health and Welfare and Director-General, Plant Health, respectively, to be satisfied, before granting a licence to import animals (which includes eggs) or birds for human consumption or production of primary produce, or to import fresh fruits and vegetables (as the case may be), that the applicant has the experience and resources to provide a secure and reliable supply in Singapore of those

animals or birds or fresh fruits and vegetables (as the case may be), and to impose licence conditions to ensure that outcome.

Power is also conferred to make rules prescribing the records that must be kept by a licensed importer or licensed grower or other licensees, and the provision of returns and other information by the licensed importers or licensed growers or other licensees with respect to animals or birds and their products, or fresh fruits or vegetables (as the case may be), which are the subject of the activity authorised by the licence. This is to enable the relevant Director-Generals to obtain current and accurate data about the level of such imports or the level of production of farms and other licensed activities.

Other amendments include requiring composition sums to be paid into the Consolidated Fund instead of the funds of the statutory board, so as to give effect to a new policy of the Ministry of Finance. Opportunity is also taken to confer powers of enforcement which the AVA officers possess, on officers of the National Parks Board and other authorised officers under the respective Acts.

Clause 17 is a saving and transitional provision mainly to deal with the renamed officers in charge of the administration of the various Acts. The clause also empowers the Minister to make regulations prescribing such provisions of a saving or transitional nature consequent on the enactment of any provision in the Bill, as the Minister may consider necessary or expedient. The Minister has power to do so only within 2 years after the date of commencement of the provision.
